Continuation of 4(e) Other:

the quality of the fax makes it unclear what amendments have been made,

it appears that the step numbers are being removed from the steps of the method claims, but the strikeouts are difficult to determine, double-bracketing would be more discernable.

further, in claim 31, it is unclear how much of step 6 is being deleted, after the deletion it appears to read "repeating the cycle of step." which does not make sense.
